

**APOLLO**  
LOUVERS MADE SMART

**THE ULTIMATE ADJUSTABLE PATIO COVER SYSTEM**  
CONTEMPORARY DESIGN | SUN | SHADE | RAIN | TEMPERATURE CONTROL

## A NEW ERA OF OUTDOOR CLIMATE CONTROL

Apollo Opening Roof is redefining outdoor dining and living spaces. Our unique adjustable louver system provides variable shading, light and protection from the rain. \*

### WHO BENEFITS?

Residential, commercial, and hospitality sectors are enjoying the many applications of the Apollo Opening Roof. Take advantage of your outdoor space.

### RESIDENTIAL

- Extend outdoor living space
- Patios, pool areas & courtyards
- Rooftop structures
- High-rise balcony covers

### COMMERCIAL

- Restaurants: Increase profits with year-round outdoor dining
- Office building: Outdoor community areas
- Shade canopies

### HOSPITALITY

- Poolside shade cabanas
- Guest dining areas
- Rooftop shade, pergolas, armadas, lanais

## TIMELESS BEAUTY

Apollo louvers and components are available in standard colors as well as an array of custom finishes that will compliment any architectural design. When fully closed, the louvers provide the elegant look of a traditional tongue and groove ceiling.

## DESIGN AND ENGINEERING

From rooftop restaurants, to poolside patios, our national network of dealers are ready to work with you. Apollo provides construction documents, connection details and site specific engineering when requested.

## ELEGANT LOUVER DESIGN

Interlocking flat "V" groove louvers provide a contemporary elegant appearance. When opened, the Apollo 8" louver offers **30% MORE** light and view than industry standard 6" louvers.

## VIRTUALLY MAINTENANCE FREE

Eliminate time consuming upkeep with our architectural grade extruded aluminum and powder coating finishes. Materials which retain stability and rigidity in all climates, and never rot or warp with time.

## RAIN PROTECTION

The interlocking louver system provides protection from the rain by channeling water into the full perimeter gutter system.

OPEN FOR LIGHT

CLOSE FOR SHADE

## SOLAR CONTROL - ENERGY SAVING

Open for light and ventilation, close for energy saving shade. At the touch of a button the Apollo proprietary pivoting system rotates the louvers to your desired comfort level.

## EXTRUDED ALUMINUM FRAME

The Apollo extruded aluminum frame system offers the appearance and structural integrity desired from architects and professionals.

## LOUVERS MADE SMART

Enjoy your outdoor experience even more with our Somfy integration. Control your outdoor shade with a keypad, voice control, or mobile device.

- Remote control
- DecoFlex wall keypad
- Phone & tablet app
- Voice control: "Alexa, open Apollo"

**somfy**®
