

**APOLLO**  
LOUVERS MADE SMART

# INTRODUCING **APOLLO ADVANTAGE PLUS**

*We're cutting installation time — and labor costs — like never before.*

**Apollo Advantage Plus** is our bold new service that simplifies and reduces the most time-consuming parts of the installation process. We deliver your order **precision cut, pre-fit, partially pre-assembled, predrilled** and **ready to install**.

Advantage Plus, allows your team to move faster, reduce on-site labor, install more jobs and stay ahead of schedule.

## **Precision-Cut by Our State-of-the-Art CNC Technology**

### **Add Advantage Plus in One Easy Click**

When submitting your estimate through our dealer portal, simply check the box to include Advantage Plus on your next project. It's a small fee that pays for itself through reduced labor costs, faster installations, more installations and fewer headaches—all with just one quick selection.

## **What's Included?**

**BEAMS:** Cut to length, pre-drilled for Corner Brackets, and pre-drilled for Gutter attachment

**SUPPORT TRACK:** Preinstalled

**GASKET SEAL:** Applied to Support Track and Gutter to reduce caulking between these components and Beams.

**GUTTERS:** Cut and pre-drilled for attachment

**POST:** Top predrilled holes for attaching Post Brackets
